## Watering Schedule & Restrictions

Pasco County along with other counties within the state of Florida must follow mandated watering restrictions. Our restrictions are issued by the Southwest Florida Water Management District's (SWFWMD) Governing Board. **These restrictions change occasionally and it is the property owner's responsibility to keep current with the issued watering restrictions for your home and property.** Watering restrictions not only apply to the irrigation of your lawn and plants but also, washing of vehicles, fountains, pressure washing, etc. A fine can be imposed by Pasco County if you are caught not obeying the designated restrictions.

Your watering day is as follows based upon the LAST NUMBER of your address:

0 or 1   Monday                      2 or 3   Tuesday                      4 or 5   Wednesday                      6 or 7   Thursday

8 or 9   Friday                      NO watering on Saturday or Sunday

Allowable watering hours: 12:01 AM-8:00 AM OR 6:00 PM – 11:59 PM

To find out what your current watering restrictions are go onto the following sites or call:

(727) 847-8131 or (800) 836-0797 x 2298
